CMD | CONTRACT MANAGEMENT DAY 2024

Sponsorship Brochure

General info

Belgium's second edition of Contract Management Day is the answer to the long-standing demand for a platform for professionals involved in contract management to share best practices and keep up to date with market trends.

Together with our partners, we bring a strong program covering the various aspects of contract management and for this edition, we will focus on how to implement and improve contract management in any organisation with or without the help of AI. Keynote speakers are alternated with in-depth tracks and networking moments along with exhibitors in the modern conference centre BluePoint Antwerp.

This is the ideal opportunity to pitch your product or service to legal counsels, CFOs, purchasing managers, facility managers and, of course, contract managers: an otherwise very hard-to-reach target group. Claim your spot on the Contract Management Day 2024 stage today and position your company as the pioneer in the future of contract management.
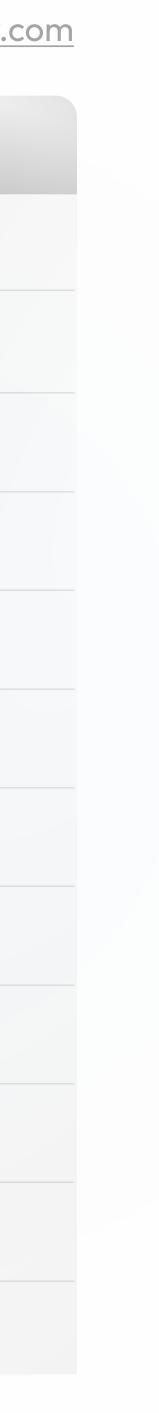

📅 **27 May, 2024**

📍 **Blue Point**, Antwerp
